September – December

Start **exploring study options** in Slovakia and decide which field and Higher Education Institution (HEI) interest you most.

October – December

Visit your chosen **HEI's website** to see if you meet the admission criteria and start communicating with the HEI early to learn about the application process and deadlines.

January – May

Check on **our website** if you meet the scholarship eligibility requirements.

January – May

If study entrance tests are required, prepare for them.

May – August

Once you receive your admission decision, start communication with your HEI regarding the **visa process**, if necessary. Some universities report accepted students who need a visa to the respective Slovak diplomatic missions, and based on this information, the embassy assigns a visa appointment date, which will be sent to you by HEI. Therefore, it is important to stay in close contact with your HEI at this stage.

June – September

Arrive in Slovakia and officially enrol at your HEI – this step is required to receive the scholarship.

Later

Successful applicants will receive a €500 monthly scholarship.

There are two different processes for applicants: applying for a scholarship and applying for studies. Receiving a scholarship does not mean acceptance or enrolment at a HEI. Applicants must fulfil all admission criteria set by a HEI for admission and complete the enrolment process themselves.
